

PROJECT TITLE

Eastern Sierra Interagency Visitor Center Expansion Phase II

Insert Location Map Below:

Project Location:

Just South of Lone Pine, CA on US 395 at the junction of US 395 and SR 136.

Co/Rte /PM:

Inyo/395/55.8

Project Description:

Establish Transportation Museum

Project Scope:

Develop and construct indoor and outdoor historical and biological displays with associated improvements.

Existing Funding: IIP: \$0
RIP: \$0
Other: \$0

Future Funding Need: \$500,000

Total Estimated Cost: \$500,000

Project Schedule:

Start Environmental Studies	Sept, 2004
Draft Environmental Document	Nov. 2004
Final Environmental Document	Dec. 2004
Begin Design Engineering	Dec. 2004
PS&E complete	Apr. 2005
Start Right of Way Acquisition	N/A

Right of Way Certification	N/A
Ready to Advertise	Jun, 2005
Award Construction	Jul, 2005
Project Completion (open for use)	Sept 2006

PROJECT INFORMATION

Purpose & Need for the Project:

Project Need:

There is currently no facility in the eastern sierra that shows how the area developed. How old Indian trade routes were used by the first settlers, how the modern transportation system developed and how the development and exploitation of the water resources of the area impacted not only development of the area but of the Los Angeles basin.

Project Purpose:

Improve and enhance the educational and visitor services serving the visitor to this area.
